

Nameless

Avail

Should have left that attitude
Back at home
Center of attention
Throught tension
Begging for respect
Through the unsaid
Resorting to disruption
When you hate something

Should have left that attitude
Back at home
Striving to dominate
To feel safe
Showing your strength to
The unknown
You probably won't quit
When you hurt someone

What the hell are you fighting for
I hope that it's something that you really believe in
'Cause someone got a fist in their face
Bacause your feeling weak
And your causing all these problems
That nobody needs (2x)

To feel safe
Showing your strength to
The unknown
Don't forget that you're all alone

What the hell are you fighting for
I hope that it's something that you really believe in
'Cause someone got a fist in their face
Bacause your feeling weak
And your causing all these problems
That nobody needs

You've got no good reason
It's just and attitude...
