

Giving Me a Sign

Avalanche City

Love, don't cry, just close your eyes
And we'll be still and you tonight

Well maybe hopefully you will see
We will make them all then you will believe
There's something in the way that you cry
That's bringing me closer to you
And giving me a sign
And giving me a sign

Love you need, we'll rest and sleep
So this is goodnight and you will sleep tight

Well maybe hopefully you will see
We will make them all then you will believe
There's something in the way that you cry
That's bringing me closer to you
And giving me a sign
And giving me a sign
And giving me a sign
And giving me a sign
