## **I** Survive

I can feel it comin' now, that same old pain Tryin' to work me like a prisoner Shackled bound and shamed But in my soul I know That You give me the strength it takes to break these chains

I survive Life keeps comin' at me Doesn't break me I'm never going down Anytime I need strength I know You'll help me make it I survive

Don't know what tomorrow brings Don't wann guess But with You by my side I know I can face any test And so I'll honor You by standing tall And breathing in this love that I've been blessed

That's my promise, won't compromise You're the truth, that kills the lies Put me through it , I'm not afraid You rescue me , day by day With you I can never fake it Won't go down, You help me take it Help me make it
