

## Excited

Avant

First class flight, fendi bags, ics  
A little something to digest, penthouse address  
Nothing too good for my girl  
Live the fast life, let me keep you right  
This is what I do, when I do what I do  
What's your name, let me start this by introducing my self  
It ain't a game, I'll make sure you leave here with nobody else  
Girl I know what you trying to do, every n\*\*ga in the club got  
his eye on you  
But they lying to you, I'm the only one worth it yeah  
I can bring from the old to new, give you something to look for  
ward  
So baby what you wanna do, cause your such a tease.

But it makes me excited, girl you make me excited  
Say you make me excited, just what you doing to me  
It's time to leave, yeah, yeah

Take a walk with me, let me buy you a drink  
I know how to get you, tequila and lime juice  
Don't worry your breaking no rules  
It's going down, booty brown and round  
Just how I like it, I know the feelings is mutual girl  
I'm not standing here just to waste your time  
But I'm positive, if you keep staring at me I'ma lose my mind  
Girl I know what you tryna do, every n\*\*ga in the club got his  
eye on you  
And they lying to you, cause I'm the only one worth it yeah yea  
h  
I can bring from the old to new, give you something to look for  
ward  
So baby what you wanna do, cause your such a tease.

But it makes me excited, girl you make me excited  
Say you make me excited, just what you doing to me  
It's time to leave, yeah, yeah

If you sexy, ima get it, and if you go home with me ima hit it  
If you sexy, ima get it, and if you go home with me ima hit it

Girl I know what you tryna do, every n\*\*ga in the club got his  
eye on you  
And they lying to you, cause I'm the only one worth it yeah yea  
h  
I can bring from the old to new, give you something to look for  
ward  
So baby what you wanna do, cause your such a tease.

But it makes me excited, girl you make me excited  
Say you make me excited, just what you doing to me  
It's time to leave, yeah, yeah
