It don't matter when I'm coming home to you

I've always been true

I've waited so long just to come hold you I'm making it through It's been far too long, we've proven our Love over time's so strong, in all that we do The stars in the night, they lend me their light to bring me closer to heaven with you

(Bring me closer)

But with all that we've been through After all this time I'm coming home to you

I reach towards the sky I've said my goodbyes My heart's always with you now I won't question why so many have died My prayers have made it through yeah 'Cause with all these things we do It don't matter when I'm coming home to you

And with all that we've been through After all this time I'm coming home to you
