

Victim

Avenged Sevenfold

Cmi Es Cmi Es Cmi Cmi (4x)

C

House full of roses

As

A letter on the stairs

C

A day full of messages

As

for anyone who cares

B

Collage of broken words

As

and stories full of tears

B

Remembering your life

As

'cause we wish that you were here

Nothing is harder
than to wake up all alone
Realize it's not okay
it's the end of all you know
Time keeps passing by
but it seems I'm frozen still
Scars are left behind
but some too deep to feel

Cmi

And some say this can't be real

Cmi

B

And I've lost my power to feel, tonight

Es

G

We're all just victims of a crime

Cmi

When all's gone and can't be regained

Cmi

B

We can't seem to shelter the pain, inside

Es

G

We're all just victims of a crime

Cmi

Some days you'll find me
in a place I like to go
Ask questions to myself
'bout the things I'll never know
What's left to find
'cause I need a little more
can we even up the score?

Cmi

And some say this can't be real

Cmi

B

And I've lost my power to feel, tonight

Es

G

We're all just victims of a crime

Cmi

When all's gone and can't be regained

Cmi

B

We can't seem to shelter the pain, inside

Es

G

We're all just victims of a crime

Cmi As Fmi Cmi

And nothing lasts forever

For all good days it's true

I'd rather tread it all

For somehow saving you

And must have been the season

That've threw us out of mind

Once i stood so tall

Now I'm searching for a sign

B

So don't need your salvation

Cmi

With promises and kind

As

And all those those speculation

Es

Save it for another time

B

'Cause we don't need a reason

Cmi

A reason just to stay

As

Some just can't be bothered

Cmi

To stick around another day 4x
