

# Soul Searching

Average White Band

Sometimes I'm lazy or maybe just holding back  
Anyway it's hard to know the difference  
Sometimes I get crazy  
But if I do it doesn't matter, no no  
What I'm doing is  
Soul searching  
Digging a little bit deeper everyday, everyday  
Soul searching  
Looking inside trying to find the way  
That it all adds up to what I'm trying to say no no, yeah  
It's nothing game about tired hope you get inspired  
Got to find your imagination oh  
All it needs is one spark to kindle fire within your body  
So you see me really  
Soul searching  
Digging a little bit deeper everyday, everyday  
Soul searching  
Looking inside trying to find the way that it all adds up to wh  
at we have to say  
And it ain't no harm in trying anyway, anyway  
Sometimes we make music  
Sometimes we make love

Still we keep on trying  
Soul searching  
Digging a little bit deeper everyday baby, everyday  
Soul searching  
Looking inside trying to find the way baby  
Soul searching  
Digging a little bit deeper everyday, everyday  
That it all adds up to what we're trying to say  
It's no use no use crying to yourself girl  
No and it ain't no harm in trying anyway  
What we're doing is soul searching searching searching
