

Lucky 1

Avey Tare

Fly off from hotter days
Today feel like the lucky one

Die in a bed of shade
Today you feel like the lucky one

There have been days you feel so sad

Glad you could feel better shade
Today you feel like the lucky one

Try if you follow me
Today you feel like the lucky one

There have been days you feel so sad

Were you crying (12x)

Well are you crying
Well are you crying

Well are you

There have been days you feel so SAD

Were you crying (12x)

Well are you crying
Well are you crying

Well are you
