Brainsuck

Avulsed

They come out at night Devouring you all A crazy instinct To eat human meat

Ripping out your entrails and chewing your guts Breaking your bones and tearing out your skin

They just can't resist To hunt human preys Fucking brainless runners Won't ask before bite

But their favourite dish It's just what they lack Your tender grey mass Excite them to the max

Cracking your skull Just with a stone Splitting your head Exposing your fudge

Brainsuck Brainsuck Brainsuck Brainsuck

Ripping out your entrails and chewing your guts Breaking your bones and tearing out your skin

They just can't resist
To hunt human preys
Fucking brainless runners
Won't ask before bite
