

# Miracle Man

AWOLNATION

Yeah!

We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man  
I'm comfortable with who I am  
I'm comfortable with my cynical stance  
We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man

See it's all around your head like a hurricane  
It echoes through the halls of your beautiful veins  
The shock is the awe of a reaction  
So everybody prays to a midnight sun  
I wanna know, I wanna know, I wanna know the truth  
I lost my partner what will I do  
I'll get another lover baby just like you  
I'll skip to my darling, cheers to my  
LOU

We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man  
I'm comfortable with who I am  
I'm comfortable with my cynical stance  
We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man

See it's all around your head like a halo glow  
It's circling the walls of your beautiful skull  
The shock and the awe, hysteria  
While everybody prays with a swollen tongue  
I wanna know, I wanna know, I want another truth  
I lost my partner what will I do  
I'll get another lover baby just like you  
And skip to my darling, cheers to my  
LOU

We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man  
I'm comfortable with who I am  
I'm comfortable with my cynical stance  
We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man

We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man  
I'm comfortable with who I am  
I'm comfortable with my cynical stance  
We need a miracle, a miracle, a miracle man  
We need a miracle, a miracle, a miracle man

Beware hysteria  
Beware hysteria  
Livin our life  
Livin our life  
Beware hysteria

Miracle man  
Miracle man  
Miracle man  
Miracle man
