## AWOLNATION

Radical, radical, radical, radical, radical, radical  
Radical, radical, radical, radical, radical, radical

No I'm knocking the lie, 'cause I'm killing your vibe  
I'm a radical

And I'm not gonna die on the 405  
I'm a radical

Oh, na na na na, help me sing  
Oh, na na na na, help me sing  
Oh, na na na na, help me

I'm not a rebel or a king  
Not sure they got a name for me  
Since we all die eventually  
Tonight, I'm a radical

I'm not a rebel or a king  
Not sure they got a name for me  
Since we all die eventually  
Tonight, I'm a radical

Radical, radical, radical, radical, radical, radical

See my left ear's weak but my voice is loud  
I'm a radical  
And my heart is broke but my soul is proud  
I'm a radical

Oh, na na na na, help me sing  
Oh, na na na na, help me sing  
Oh, na na na na, help me

I'm not a rebel or a king  
Not sure they got a name for me  
Since we all die eventually  
Tonight, I'm a radical

I'm not a rebel or a king  
Not sure they got a name for me  
Since we all die eventually  
Tonight, I'm a radical

Oh, ah  
Oh, ah  
Everyone you know will let you down  
Everyone you know will let you down

I'm not a rebel or a king  
Not sure they got a name for me  
Since we all die eventually  
Tonight, I'm a radical

I'm not a rebel or a king  
Not sure they got a name for me  
Since we all die eventually

Tonight, I'm a radical
