

Fantasy of Love

Axe

Visions of total ecstasy
Lover so kind to me
Daydream, escape to you from harm
You hold me in your arms
So tenderly
I know you'd care and understand
I know you're right for me
The sad thing
It's just my thoughts you're from
I wish that you'd become
Reality
You're my fantasy of love
Fantasy of love
You're all I'm dreaming of
My fantasy of love
Fantasy of love...
To hold you through the night
Hold you in my arms so tight
I know you'd treat me kind
Cause I know you're just in my mind
You're my fantasy of love
Fantasy of love
You're all I'm dreaming of
My fantasy of love
Fantasy of love...
I know you'd care and understand
I know you're right for me
The sad thing
It's just my thoughts you're from
I wish that you'd become
Reality
You're my fantasy of love
Fantasy of love
You're all I'm dreaming of
My fantasy of love
Fantasy of love...
