

Restless Angel

Axe

Here I sit with a dose of reality
More alone than I ever thought I'd be
As I look in your eyes
They speak to me clearly now
With these memories I hold
I'll be all right somehow

There we were, lost in a fantasy
Never cared just what the cost could be
I held out my hand
But you were the restless one
You opened my eyes
Then flew straight into the sun

This everlastin' story is written in the sky
I may have loved and lost you
But I never said goodbye

Restless angel, I wonder where you've gone
I cannot lie to you, each day I'm just tryin' to carry on
Now I'm alone, I think of you at night
And the tears of joy that we once cried (It's all erased)
But it's all erased, they have been replaced
Tears fallin' down my face, is this the taste of wasted love?

If there's just one joy
I will know in my life
Then this torturous love and this pain
Must mean that you were mine
Could it be so wrong?
It can't be just black or white
But the truth is you're gone
And somehow I'll be all right

This never-ending story
Is written in the sky
I may have loved and lost you
But I never, no, I'll never
I swear with each word in this song
That I won't say goodbye

Restless angel, I wonder where you've gone
I cannot lie to you, each day I'm just tryin' to carry on
Now I'm alone (I'm alone), I think of you at night
And the tears of joy that we once cried
But it's all erased (It's all erased)
They have been replaced
Tears fallin' down my face (is this the taste...?)
Is this the taste of wasted love?

Tears are fallin' down my face
(It's been replaced)
Is this the taste of wasted love?
Tears are fallin' down my face
Is this the taste of wasted love?
Tears are fallin' down my face
Is this the taste of wasted love?
