

## On My Way

Axwell & Ingrosso

No time to pretend  
dust off and try again  
straight out of lions den  
strong as a thousand man  
that's what I've been told  
since I was six years old  
duck down and count to ten

I'm gonna hit the Lotto  
I'm gonna place my bet on every step I take  
go tell everyone under the sun  
I'm on my way

And if I hit rock bottom  
I'm gonna smile and dance with every step I take  
go tell everyone under the sun  
I'm On my way  
On my way!

go throw the key away  
no matter what the say  
all for a better day  
you will always be the same  
that's what I've been told  
since I was six years old  
duck down and count to ten

I'm gonna hit the Lotto  
I'm gonna place my bet on every step I take  
go tell everyone under the sun  
I'm on my way

And If I hit rock bottom  
I'm gonna smile and dance with every step I take  
go tell everyone under the sun  
I'm On my way  
On my way!
