Brothers killing brothers In our neighbourhood All we do is stare

Blood runs out of The television screen The blame is ours to share

When freedom comes
For everyone
Out of the blue
A world as new
When freedom comes
For everyone
A new life has begun

Thought it was god given
That life in peace and wealth
Freedom was for everyone

Livin' in a small world Isolated from the truth Waitin' for the sun

When freedom comes
For everyone
Out of the blue
A world as new
When freedom comes
For everyone
A new life has begun
