

# Kingdom of the Night

Axxis

Dreaming - dreaming in the cold night  
I wish I were a big and famous star  
Then I'm the king of a thousand queens  
With golden rings and dirty jeans  
Pots of money and I'm feeling free  
Move your legs- Stamp your feet  
Hear my voice you're gonna rock with me  
The rhythm leads  
The rhythm beats  
Feel the beat and find another world  
Chorus  
Alright - alright  
I've got the kingdom of the night  
Screaming -screaming in the wild crowd  
Let me see you all raise your hands  
I wanna dream - dream forever  
Never waking up - No, never  
Oh, bring back this dream  
And let us scream again  
Move your legs- Stamp your feet  
Hear my voice you're gonna rock with me  
The rhythm leads  
The rhythm beats  
Feel the beat and find another world  
Chorus  
Alright - alright  
I've got the kingdom of the night
