

Do What You Want

Aya

I used to wait around,
Thinkin' all about,
The things that I would tell you when you came.
Then when you'd arrive,
Much too late at night,
To say that you [were broke and missed your train?]

But you can't do that if you want me back,
I'm never gonna wait around again
If you let me go, then we both will know,
The truth is that you never were my friend.

When you see them all and tell them what you want,
I never try to tell you what to say.
My friends are all around, so when you put me down,
You really should remember what you say.

Cause you can't say that you were at my back,
I'm never gonna count on you again.
I'm gonna slip right back into what we had,
It really isn't worth it in the end.

Do what you want,
What you want.
Do what you want,
What you want.

You can say that I
Won't apologize,
We both know that you need someone to blame.
I think I've said enough,
I guess its kind of tough,
The things that people do when they're afraid

But you can't say that you were at my back,
I'm never gonna count on you again.
If you let me go, then we both will know,
The truth is that you never were my friend.

But you can't say that you were at my back,
I'm never gonna count on you again.
I'm gonna slip right back into what we had,
It really isn't worth it in the end.

Do what you want,
What you want.
Do what you want,
What you want.
Do what you want.

Buh, buh, buh, bah
Buh, buh, buh, bah
Buh, buh, buh, bah
Buh, buh, buh, bah

Too bad
So sad

What we had
