

Paper

AZIATIX

Started out from the worst
I fought now I feel so lost
From this Paper Paper
Man I've done lost so much
All the things I've done
For this Paper Paper
I got love for you

Whoa
Whoa
Whoa Whoa

Money in the air
That's all I want to see boy boy
As long as the world is spinning
That's how it's going to be boy
Look at them flossing
These birds ain't fly
Like an ostrich
Disgusting making me nauseous
Somebody tell me
What my cost is
I want that cup filled to the
Brim full course all on my
Plate every piece of the cake cake
Whoever that said I was fronting
Now needs my help tough luck
Brother I'm on vaca
Waterfalls flooded pockets
Ride hard 'till it's topless
On that Pac shit
Middle finger in the air I got this

Started out from the worst
I fought now I feel so lost
From this Paper Paper
Man I've done lost so much
All the things I've done
For this Paper Paper
I got love for you
Whoa
I got love for you
Whoa
I got love for you
Whoa Whoa

Been chasing this paper
Day and night and I haven't
Seen you in ages
Your love for the kid and
Patience makes queen
Of the world ageless
I ain't tryna see you on that
Hospital bed when I'm
About to tell you that I made it
I know this takes long
But stay strong and I

Promise everything is
Yours for the taking
I'm doing this
Girl to see you smile
We both know we ain't
Seen it in a long while
I take it all the way even if
It's 4th down no other choice
But to be a strong child
I'm out the door to find a way
Into our future
Please look up
Say a prayer for me
'Cuz all I can pray is you'll
Still be waiting right
There for me

Started out from the worst
I fought now I feel so lost
From this Paper Paper
Man I've done lost so much
All the things I've done
For this Paper Paper
I got love for you
Whoa
I got love for you
Whoa
I got love for you
Whoa Whoa

I got love for you
I got love for you
I can never get enough
I'm always bout my bread
Twist and turn until I
Flip upside my bed
Man I just can't get this
Out my head

Stomachs full and ask
The same thing
Where's my bread
Man I just can't get this
Out my head
Over and over again
