Caldonia

Hey, I'm walking with my woman She got great big feet Long, lean and angry She ain't had nothing to eat But she's my woman And I love her just the same She's a fine looking woman And Caldonia is her name

Now here we go!

Caldonia, Caldonia What makes your big head so hard I love her Yeah, I love her just the same

Give me that now.

I'm crazy about the woman 'Cause Caldonia is her name

Can we do it once more?

Caldonia, Caldonia What makes your big head so hard, oh

Caldonia, Caldonia, Caldonia
