Conversation

Is gettin' so hard to make  
I try to communicate  
But I can't get through

We are strangers  
But I remember when  
You used to be my friend  
And my lover too

And I don't really know how it happened  
And I don't really know what to say  
I just wonder how we ever got this way

Conversation

That's what it's all about  
Why can't we talk it out  
And say what's on our minds

Situations

Keep gettin' in the way  
So much we need to say  
But we're runnin' out of time

And I don't really know how it happened  
I have tried  
But I don't understand  
How we ever let it get so out of hand

When it's gone  
It's gone forever  
When it's gone  
It's gone for good

Conversation

Things that we've done and said  
Keep runnin' through my head  
Like a sad echo  
No

Desperation

It's gettin' the best of me  
I can't make you see  
And I can't let go  
No

And I don't really know how it happened  
And I don't really know what to say  
But I can't bring myself  
To throw it all away
