

Even A Fool Would Let Go

B.J. Thomas

It's funny how love goes
'Cause I know this will never work out
But honey my loves grows
Even though there's no reason to doubt
This can never be
You keep saying it's wrong
Neither one of us is free
Still I wanna hold on

When even a fool would let go
'Cause he knows that there's no use in trying
Even a child would say no
When he knows that he'll end up crying
Tell me now is it wise holding you
When even a fool would let go

My love had no reason
Like the words to a song that don't rhyme
My loves' got no season
I just know that it's there all the time
Baby just you and me
I can believe that's wrong
Thinkin' bout you and me
Makes me want to hold on

When even a fool would let go
'Cause he knows that there's no use in trying
Even a child would say no
When he knows that he'll end up crying
Tell me now is it wise holding you
When even a fool would let go

Tell me now is it wise holding you
When even a fool would let go
