Happier Than The Morning Sun

B.J. Thomas

I'm happier than the morning sun And that's the way you said that it would be If I should ever bring you inside my life.

I'm happier than the morning sun And that's the way you said that it would be If I should ever bring you inside my life.

All my life I was alone, Didn't think I'd find my part, Now I see there's joy inside your arms.

Every day I searched for the star, That never was in the sky, And now I see this star is on earth.

And I'm happier than the morning sun And that's the way you said that I would be If I gave you a chance to come inside my life.

And I am happier than the morning sun And that's the way it will always be Ever since the day you came inside of my life.

Bom I love you.

Bom I love you.

And I'm happier than the morning sun And that's the way you said that it would be If I should ever bring you inside my life.

I'm happier than the morning sun And that's the way you said it would be If I should ever bring you inside my life.

Bom I love you.

Bom bom bom bom bom bom bom bom

Bom bom bom I love you.

Happier than the morning sun That's the way you said it would be If I should ever bring you inside my life.

I'm happier than the stars above That's the way you said that it would be If I should ever bring you inside of my life.

I believe that everyone should be

Happier than the morning sun Happier than the morning sun Happier than the morning sun Happier than the morning sun
