

# Hello Love

B.J. Thomas

My life was cold  
Then you came and warmed my soul  
I need you everyday to stop my loneliness

In you I see  
Everything that's good for me  
Goodbye misery  
Hello love

I ain't believing  
This wonderful feeling  
That I'm receiving  
When I touch your hand

And now I see  
What a happy thing can be  
Goodbye misery  
Hello love

I ain't believing  
This wonderful feeling  
That I'm receiving  
When I touch your hand

Oh now I see  
What a happy thing can be  
Goodbye misery  
Hello love

Goodbye misery  
Hello love

Goodbye misery  
Hello love
