

Lord I'm Just a Baby

B.J. Thomas

Lord I'm just a baby
Teach me how to talk
Lord I'm just a baby
Teach me how to walk
My first word will be Daddy
My first step to Your arms
Lord I'm just a baby
Let me have a baby's charm

I'm still a baby
Lord Jesus
Even though the world says I'm a man
You know that I want to grow up
And with your help
I know I can

Lord I'm just a baby
Tiny and afraid
I cry when I get hungry
And when I've disobeyed
Please feed me 'till I'm older
Then feed me when I'm old
Lord I'm just a baby
With a brand new thirsty soul

I'm still a baby
Lord Jesus
Even though the world says I'm a man
You know that I want to grow up
And with your help
I know I can

Lord I'm just a baby
With a brand new thirsty soul
