

Violet Vibrato

B.o.B

I'm in this apartment that I don't want no one to know
Dressed up for stages and faces in similar clothes
And always I'm venting and always inventing a song, ooh
And always ascending drifting into the unknown

I wonder if we are living a show so tell me I gotta know
If I were to be honest and bold would I be a hero
Cause if you can see the colours that glow inside my soul
If were to bleed my blood would flow a violet Vibrato
La-la-la-la, la-la (4x)

Communication is so amazing when shown
As we awaken and all the pages unfold
From such a beautiful life (2x)
Ooh ooh

I wonder if we are living a show so tell me I gotta know
If I were to be honest and bold would I be a hero
Cause if you can see the colours that glow inside my soul
If were to bleed my blood would flow a violet Vibrato
La-la-la-la, la-la (4x)

From such a beautiful life (2x)

I wonder if we are living a show so tell me I gotta know
If I were to be honest and bold would I be a hero
Cause if you can see the colours that glow inside my soul
If were to bleed my blood would flow a violet Vibrato
