

You Can Get It

B2K

She walks through the doors of the club
Chilling with her man
Looking sexy as hell
With the jeans and the matching bag
The way she licked her lips
Made me want to go ask her name
The way she moved dem hips
Kept stearing at me
Let me know she wanted to play

Shorty is checking for me
Shorty got her eyes up on me
We can get down with the quickness
Just say the word and I'm wit it (fa sho)
Mama want to roll with flavor
Take it from her man and save her
Girl just say the word and I'm wit it (you know)
and you definately can get it

She saw me outside
Bout to leave
Hunni said what up
Me and my crew seating low in a Hummer truck
She steps to the drivers side saying lets bounce
So I'm like lets do this
Peace ya'll I'm out

Boy
Don't play games
What you want
Let's be clear
I'm right here
In your face
My man just left
So what's next
Tell me what you want from me
Tell me what you want from me

Shorty is checking for me
Shorty got her eyes up on me
We can get down with the quickness
Just say the word and I'm wit it (fa sho)
Mama want to roll with flavor
Take it from her man and save her
Girl just say the word and I'm wit it (you know)
and you definately can get it

Ya mama was a little hottie and uh
Plus she gotta body
Can't nobody knock me
We can get down with the quickness
Just say the word and I'm wit it (fa sho)

I can tell that
she was looking, looking
Even thought she is taken
Don't think I wouldn't

Girl just say the word and I'm wit it (you know)
and you definately can get it

Y'all close to me
But no cigar
Its your favorite teen ideal
Super star
Not you little homie
Its Lil' Fizz ya'll
A teen heartthrob and the greatest of dem all
Girl all you gotta do is call
And I'm wit it
Cause the way that booty look

Roll with the boy dat's hot
But cool as a fan
