You gotta give me something to work with
You gotta give me something to work with
You gotta give me something to work with
You gotta give me something to work with
(Something to work with)
You gotta give me something to work with
(Something to work with)
You gotta give me something to work with
(Something to work with)

Ready

Tocame tocame mmm, Tocame toca-tocame mmm, Tocame tocame mmm, Toca-
tocame tocame mmm...

You gonna make me, jack ya ass over here
I don't mind cause I got no fear in your eyes
It's written clear, it's written clear
You gonna make me drop my bra to the floor
I don't mind, but I need some more
So be kind and make me sure
Make me sure

I will make you a sense of view
I will make you say you gonna want to
I will make your hands on me and they'll never wanna be empty

All I really need is one touch
I want you to put it right here on me
All I need is one touch
I want you to put it right here
All I really need is one touch I want you to put it right here on me
All I really need is one touch I want you to put it right here on me
All I really need is one touch I want you to put it right here on me
All I really need is one touch I want you to put it right here on me
