House

Babes in Toyland

Stubbed my toe running to your house Broke my leg running to your house Lost my head running to your house Broke my crown running to your house

Oh my God Is this what it feels like to be in love? Is this what it feels like? Oh my love It feels like God

Just you shut my mouth Just try and shut my mouth

Stubbed my toe running to your house Broke my leg running to your house Lost my head running to your house Broke my crown running to your house

Well, oh my God Is this what it feels like to be in love? Is this what it feels like? Oh my love It feels like God

Just you shut my mouth Just try and shut my mouth Mad pilot fly Just try and shut my mouth Mad pilot fly
