

Lovin' Lies

Baby Animals

Something's gotta change
I been looking at you wrong honey strange
I been living lovin' lies
Like money's change

You can't find it in the sidewalk on the ground
I was stoned like Mary at the wall
I was smashed like a pretty china doll
I was strange

You can't justify some Livin' Lovin' Lies
You been hanging on my back too long
Lucky that I played along
I'm gonna break this mothers chain and run

I was livin' lovin' lies
I was stoned like Mary at the wall
I was smashed like a pretty china doll
I was strange

You can't justify some livin' lovin' lies
You been hanging on my back too long
Lucky that I played along
I'm gonna break this mothers chain and run

I'm gonna break this mothers chain and run
I was livin' lovin' lies
Livin' lovin' lies
I was livin' lovin' lies

Livin' lovin' lies
Something's gotta change
I been lookin' at you wrong honey strange
I was stoned

I was smashed
I was smashed
