

## Take It Like a Man

Bachman-Turner Overdrive

Only three stops to make in Alabama  
Every one a one night stand  
Workin' for a man down south Louisiana  
Cause Z.Z. ain't his only band  
Business ain't been good or bad  
But sittin' here will drive me mad

I'm gonna get back where they want me  
Get back where they want me  
Get back where they want me  
Make a stand  
I'm gonna take it like a man

Met a stray woman, I think it was in Texas  
She was made for those who'd pay  
Got a little drunk and raised a mild ruckus  
The city said I could not stay

I guess I'm gonna have to change  
until my life is rearranged

You know I'm gonna get back where they want me  
Get back where they want me  
Get back where they want me  
Make a stand  
I'm gonna take it like a man

I guess I'm gonna have to change  
until my life is rearranged

I'm gonna get back where they want me  
Get back where they want me  
Get back where they want me  
Make a stand  
I'm gonna take it like a man
