

It Was Only Love

Bad Boys Blue

My summer dream is over now. I sent my SOS.
I was another move it seems. In her game of chess.
Comme ci, comme ca, she said and smiled.
Just another kiss. A reason for goodbye.

It was only love we had.
In a french cafe we met.
And I can't forget I'm coming back.
Cause love, love, love, love, love, love is the way.
Love is the way.

When summertime is here again. I'll be on flight 68.
If you got to love someone. It never is too late.
Comme ci, comme ca, I say and smile.

Just another kiss. A reason for goodbye.

It was only love we had. In a french cafe we met.
And I can't forget I'm coming back.
Cause love, love, love, love, love, love is the way.
Love is the way.

Feeling so lonely. Feeling so blue.
I'm all alone again without you.

It was only love we had. In a french cafe we met.
And I can't forget I'm coming back.
Cause love, love, love, love, love, love is the way.
Love is the way.
