

God Song

Bad Religion

And did those feet in ancient times trod on america's pastuers
of
green? and did that anthropocentric god wane with their thought
s and
beliefs all unseen? i don't think so, he's up there with the ot
hers
laying low, vying with those who you've traded your life to to
bless
your soul, and have they told you how to think, cleansed your m
ind of
sepsis and automony? or have you escaped scrutiny, and regaled
yourself with depravity? now we all see, "religion is just synt
hetic
frippery, unnecessary in our expanding global cultural efficien
cy" and
don't you fear this impasse we have built to our future? ever s
o near,
and oh so austere
