

Grace (I Think I'm in Love Again)

Bad Suns

Grace

On the first night I saw your face
On the outside of cyberspace
I emerged from a haunted place
I think I'm in love again

You eclipse me
Our lips meet

Make my heart beat
In the backseat of your car
I think I'm in love again
Make my heart beat
In the dark, we fall apart
I think I'm in love again
You light my fire, I breathe you in
You get me higher than I've ever been
Make my heart beat
In the backseat of your car
I think I'm in love

Oh-oh-oh
Oh-oh-oh
Oh-oh-oh, I think I'm in love again
Oh-oh-oh
Oh-oh-oh
Oh-oh-oh, I think I'm in love

Sleep
In a hotel room by the sea
Where I held you inside a dream
Down the long road, you ride with me
Ride with me

You eclipse me
Our lips meet

Make my heart beat
In the backseat of your car
I think I'm in love again
Make my heart beat
In the dark, we fall apart
I think I'm in love again
You light my fire, I breathe you in
You get me higher than I've ever been
Make my heart beat
In the backseat of your car
Dej mi sérum do mejch žil,
sérum do mejch žil,
máme hodně životů,
ale každej z nich je film,
dej sérum do mejch žil,
ať nevím, kde jsem byl,
ať se probudim a zjistim,
že jsem celou dobu snil,
Remember days of elation
Nights so divine

I tested your patience
You tested mine
There's no replacement
You couldn't change my mind
So happy I could cry
Reflected diamonds in your eyes
And when I die, I want you right there by my side

Make my heart beat
In the backseat of your car
I think I'm in love again
Make my heart beat
In the dark, we fall apart
I think I'm in love again
You light my fire, I breathe you in
You get me higher than I've ever been
Make my heart beat
In the backseat of your car
I think I'm in love

[Post-Chorus]

Oh-oh-oh
Oh-oh-oh
Oh-oh-oh, I think I'm in love again
Oh-oh-oh
Oh-oh-oh
Oh-oh-oh, I think I'm in love

I think I'm in love again
I think I'm in love again
