Bad Suns

Heartbreaker  
Heartbreaker  
Heartbreaker  
Heartbreaker

Pour champagne this evening  
To celebrate you leaving  
I'm as blissful as can be  
The telephone is tempting me

I can't let you go  
Separation brings us awfully close  
Heartbreaker  
I should probably go  
Tell me something I don't already know

Your love is toxic  
My heart collapsing  
I'm relapsing tonight

Heartbreaker  
Heartbreaker  
Heartbreaker  
Heartbreaker

Here, she comes to greet me  
Lips bathed in blood of a strawberry  
Shake desire off my bones  
I'm just here to grab my clothes  
Her plans fell through this evening  
Plan B, that's not beneath me  
Doesn't like wine, she loves shooting liquor  
I taste a mistake, it's getting me drunk quicker

I can't let you go  
Separation brings us awfully close  
Heartbreaker  
I should probably go  
Tell me something I don't already know

Your love is toxic  
My heart collapsing  
I'm relapsing tonight
