

How Am I Not Myself

Bad Suns

Kissed by death
Struck by life
What did you find in search of peace?
Together, we unwind
It's pleasant but unkind
My hourglass of wine

Round and around
I'm spinning round
And you come around
And round we go

How am I not myself?
How am I not myself?
How am I not myself?
How am I not myself?

I had that thought again
The prison in my mind is simply that
A prison I've designed
It's pleasant but unkind
My hourglass of wine

Round and around
I'm spinning round
And you come around
And round we go
Round and around
And I'm spinning round
And you come around
And around we go

How am I not myself?
How am I not myself?
How am I not myself?
How am I not myself?
How am I not myself?
I'm awake, I'll figure it out
How am I not myself?
I'm awake, I'll figure it out, ooh

I'm awake, I'll figure it out, yeah
I'm awake, I'll figure it out
