

Love Like Revenge

Bad Suns

I swallow all my fear, it's clear to me
There's no good in lies I want to believe

I know, you know, how bad we both need this
Trust me, we can put the past behind us
Meet me at the place where love once found us
But no

You wear your love like revenge
You wear your love like revenge

Swallow all your fear and try to see
There's no good in lies you want to believe
Am I happy? No, I'm just distracted
Fill me with hope and my hope collapses
Dizzy and afraid to fall asleep, I wait in silence

I know, you know, how bad we both need this
Trust me, we can put the past behind us
Meet me at the place where love once found us
But no

You wear your love like revenge
You wear your love like revenge

Am I happy? No, I'm just distracted
Fill me with hope and my hope collapses
Dizzy and afraid to fall asleep
I wait in silence

I know, you know, how bad we both need this
Trust me, we can put the past behind us
Meet me at the place where love once found us
Things can change, dear
I know, you know, how bad we both need this
Trust me, we can put the past behind us
Meet me at the place where love once found us
But no

You wear your love like revenge
You wear your love like revenge
You wear your love like revenge
You wear your love like revenge
