Honey, don't you know I love you?
'Cause I give you all I can, I do
Everything I've tried to help you
Love me too

Give a little of what you take from me, honey That's all you have to do Won't you come on over here and love me? Love me do

Love, love, love me Love me do Love, love, love me Love me do, yeah

Honey, don't you think I need ya?
Indeed I do
Won't you come on over here and love me
Love me too

Give a little of what you take from me, honey That's all you have to do Won't you come on over here and love me? Love me do

Love, love, love me Love me do, oh yeah Love, love, love me Love me do, oh yeah

Honey, don't you think I love ya?
'Cause I give you all I can, I do
I tried everything I could to help you
Love me too

Ooh, now, love, love, love me Love me do Well, love, love, love me Love me do

Love, love, love me Love me do Love, love, love me Love me do, oh yes
