

# Never Again

Bahamas

Loosen your mind,  
Open back up to me.  
We would be fine,  
If this were not up to me.

What can I do?  
What can I do for you?  
I'll do all that I can,  
All that you'll let me do.

Never again, never again will I let you go.  
Never again, never again will I let you go.

You turned around,  
You turned around on me.  
You changed your mind,  
For something you found in me.

Never again, never again will I let you go.  
Never again, never again will I let you go.

Never again, never again,  
Never again, never again.
