

Here we go go!  
You better listen  
The b-b-b train is riding on a rhythm  
We know they're hungry so we better feed them  
Skip the bullshit and give some of oh!

Pick up your clapping hands and pay attention  
From the middle east to the open nations  
We're coming straight to your ears no complications  
Az yalla yalla (so c'mon c'mon) come on give me some of oh!
