

# Satananda

Baptism

The radiant ecstasy of being  
The golden corona of suffering  
Light from the depths  
Coal-black unrefracted truth

Zoharic bidden glow  
Collapsing of the hearts temple  
Deeper night revealed  
From amidst the storm-clouds  
Starless ecstasy  
Bliss of being

When the All is torn apart  
Eyes vitreum pours out  
The truth punctured  
Overcome at last

The secret of love  
Fullfilled in hate

Zoharic bidden glow  
Collapsing of the hearts temple  
Deeper night revealed  
From amidst the storm-clouds  
Starless ecstasy  
Bliss of being

Satananda  
Ihminen kahden kuilun välissä  
Jähmettyen kuoleman hetkeen  
Syvyyss  
Ekstaasi  
Musta huuto  
Alas kosmoksen sammuneeseen sieluun
