

# How Can I Say Goodbye

Barbara Lewis

(How could I say goodbye?)  
I was gonna say goodbye to you tonight  
But then you told me how much you missed me  
& then you took me in your arms & kissed me  
Oh how could I say goodbye?  
Oh how could I say goodbye?

You're a troubled kind of guy, that's why, that's why  
Tell me you can't stay for too long in one place  
Without a word you'll go running off to someplace  
Oh oh how you made me cry  
Oh oh how you made me cry

Till you came back in your own sweet time  
To kiss away the tears & tell me you're mine, mine

I was gonna say goodbye to you tonight  
Tell you "I'm finished, I've had enough of you"  
Then you walked in, I can't help it if I love you  
Oh how could I say goodbye?  
Oh how could I say goodbye?  
To you, mmm, when you know how much... & fade
