

Ring of Changes

Barclay James Harvest

G
Talk of tomorrow
G7 **G** **G**
And you talk of the times that have been
G
The wheels keep on turning
G7 **G** **G**
Turning circles we go round again
G **G7**
Never ending the time is bending
G **G**
These songs all the same
G
And we will stand listening
G7 **G** **G**
Looking back on the ones that remain

G **C**
And time hurries on
G **F**
We are here, we are gone
G **C**
And time passes on
G **F**
All the words of your song

F
Turn the pages
C
Nothing ages
G **G**
That's what you will see
F
Turn the pages
C
Ring of changes
G **G**
Is what it will be

G
The sun when it's rising
G7 **G** **G**
Paints a shadow on where it has been
G
And night is surprising
G7 **G** **G**
To the people who stand in between
G **G7**
Filling spaces you see their face
G **G**
As they wake from their dream
G
And we will stand looking
G7 **G** **G**
Taking note of the things we have seen

G **C**

And time hurries on

G **F**

We are here, we are gone

G **C**

And time passes on

G **F**

All the words of your song

Turn the pages

Nothing ages

G **G**

That's what you will see
