

# Say You'll Stay

Barclay James Harvest

**G**

Dreams and castles

**G**

We build them constantly

**C**

**G**

Who will see what we've done?

**G**

Thoughts that follow me

**G**

Fools of destiny

**C**

**G**

This is what we've become

**F**

Say you'll stay with me

**F**

I just want to be

**G**

**G**

Here with you

**F**

Say you'll stay with me

**F**

**G**

**G**

I just want to be here

**G**

Taking chances with

**G**

Time that passes us

**C**

**G**

Who can tell what will be?

**G**

Words that call to me

**G**

Eyes that try to see

**C**

Make it all mystery

**F**

Say you'll stay with me

**F**

I just want to be

**G**

**G**

Here with you

**F**

Say you'll stay with me

**F**

**G**

**G**

I just want to be here

**D**

**D**

Can you hear those little people

**D**

**C**

Tell me what to do?

**D**

**D**

They cannot see there's no tomorrow

**D**

**C**

But for me and you

**G C G C G**
