

Victims Of Circumstance

Barclay James Harvest

E A E B
Saw the paper the other day
E A E B
Started to read
E A
Seems they've got a new way
E B
Of fighting all their wars
E A E B
Just what we need
E A E B
When will you stop playing all your games?
E A E B
Won't you listen when we say
E A E B
I don't remember anyone asking me about it
E A E B
Or don't we matter anyway?

E
Victims of circumstance that's what we are
E
Hidden from light so we can't see
E
Victims of circumstance that's what we are
B A
You and me, you and me

E A E B
Those mistakes that you all made in the past
E A E B
You never seem to see
E A E B
Do you have to bring your ships across the water?
E A E B
Please let us be
E A E B
Master, master, I really want to live!
E A E B
Do we always have to plead?
E A E B
Looks like you've put us in the frontline once again
E A E B
Won't you stop this insanity?

E
Victims of circumstance that's what we are
E
Hidden from light so we can't see
E
Victims of circumstance that's what we are
B A
You and me, you and me
