

## Christmastime (Oh Yeah)✓

**Barenaked Ladies**

Now that all the snow has fallen  
It's crunching in below my feet  
And all the Christmas lights are shining  
On houses up and down my street  
And I can see the happy families inside  
If only for a moment, it's Christmas time

I think I see the children down the street  
Here they come caroling  
Now we can hear them, they sing "Oh yeah"

Mr. Johnson bought a Christmas tree  
He set it up with his family  
They're opening their presents big and small  
Mr. Johnson got a big, brown, bowling ball  
And Sally got a pair of brand new skates  
And Jimmy got a box of frosty flakes  
He knows that there's a special little prize inside  
What a happy moment, it's Christmas time

The carolers are standing in line  
They sing, "Oh yeah"  
Oh yeah
