Eraser, eraser, eraser

I draw it with a pencil because it's just a stencil And if I do retry it, well then I can't deny it I'm gonna need my little eraser

I might have to redo it, I might have to work through it But I try not to chew it 'cause I just shouldn't do it 'Cause I might need my little eraser

If I wrote you a letter but I made an error
I could fix it and make it better
If I make an error I can always make it better with my eraser
