

I Have Learned

Barenaked Ladies

No, don't know everything
There's known unknowns
Too long just wondering
Lazybones

Spare me the parlor tricks
That impress your fans
Waving your candlesticks
In your burned hands

I have learned to live with livin' with
Every choice we made
But I would love to live with giving this
Shaky voice some shade

I don't think you're comfortable
Until you're not
When things get wonderful
You get hot

Can you forgive me for
What I had to do?
I'd use a metaphor
But I'm done with you

I have learned to live with livin' with
Every choice we made
But I would love to live with giving this
Shaky voice some shade

Same sun
Same fun
Whole new world

I have learned to live with livin' with
Every choice we made
But I would love to live with giving this
Shaky voice some shade

I have learned to live with livin' with
Every choice we made
But I would love to live with giving this
Shaky voice some shade
