

Get on Your Knees

Barón Rojo

Here we go now baby!
Get on your knees baby
and pray, pray, pray for your love
get on your knees baby
and pray, pray, pray for your love.
You've been too long
away from home and i've been crying
you,ve done me wrong
so hear my song if you want to save your love
For your penance will be
Get on your knees baby
and pray, pray, pray for your love
get on your knees baby
and pray, pray, pray for your love.
Got to hear it one more time!
all right!
I can't go home
my pain is too strong there since you've been gone
so here's a chance
for you to pray; to cry, and to feel the pain.
Like i told you before:
Get on your knees
sing the song
get on your knees baby
and pray to the lond
the almighty god
for your love
It's got to be for your lover
Get on your knees
get on your knees
get on your knees
that's what i say!
get on your knees
get on your knees baby
and pray, pray, pray for your love
get on your knees baby
and pray, pray, pray for your love.
get on your knees baby
and pray, pray, pray for your love
get on your knees baby
and pray, pray, pray for your love.
