

Follow The Light

Barry McGuire

Follow the light
Shining so bright
He'll take away your night
And lead you home

Yeah, we're gonna
Follow the light
Shining so bright
He'll take away your night
And lead you home

Well, take a look around you
What do you see?
Or is it too dark to even know
Just where you are?
I don't know much about you
But I know myself
And that's the way things were for me
Not long ago
And somebody told me

Follow the light
Shining so bright
He'll take away your night
And lead you home

You know it didn't make it better since
Well, somehow it just ain't right
And I said, come on, now
You told me what it is you're trying to say
Oh, they said it was a simple thing
And all I have to do to ask Him in
Was just get down on my knees and pray
Now you hear me singing

Follow the light
Shining so bright
He'll take away your night
And lead you home

Yes, we're gonna
Follow the light
Shining so bright
He'll take away your night
And lead you home

If you take another look around you
And darkness is all you can see
Well, maybe this song has a purpose
Just for you
Oh, don't your head away
But look deep into your heart
And I'm sure that it will be
All clear for you
Then you will be singing

Follow the light

Shining so bright
He'll take away your night
Yes, and lead you home

That's right, you're gonna
Follow the light
Shining so bright
He'll take away your night
Yes, He's gonna lead you home
That's right, He's gonna lead, lead you home
Yes, He will
He's gonna lead, lead you home, oh, yeah
He's gonna lead, lead, lead, lead you
He's gonna lead you home
