

# Baby's Home

Barry White

Hey baby, it's so good to, to just stand here, look at you  
So many things are so different without you  
Because there are so, so many things so right about you  
Never again, baby, ever again

And I love the way you feel in my arms  
Baby, no one else has ever felt like this

I've been away too long, my love  
Your kiss tells me it's true  
The need for you is strong my love  
And I know just what to do

So just lay back and close your eyes  
I wanna work this thing  
Girl, I really wanna put this thing on you  
You know that I can unlove to satisfy  
You feel alright before this night is through

Baby's home to give you all the love you need, girl  
Baby's home, don't it feel good to you like it is to me?  
Baby's home, put your arms around me tight  
And let me give you all that we missed

Baby's home, just stay, yeah  
Baby's home, to stay  
And I'm home, yes  
Home to stay, yes

Did I hear you say, my love  
Your night's been long and cold?  
Your baby's going to make it right  
Relax, I'll take control

So come here, lay beside me, girl, we got a lot of making up  
I said we got a lot of catching up to do  
I'll be the flame burning inside you, girl  
And make no mistake, your dreams I'll make come true

Baby's home to give you all the love you need  
Baby's home it's good to you and it's good to me  
Baby's home, wrap your arms around me tight  
And let me give you all that we missed

Baby's home, this is what I missed so much  
Baby's home, and this time, baby, there's no more leaving  
Baby's home, I'm gonna work much, much, harder  
Much harder than before for you and me

Baby's home, baby's home  
Baby's home  
Give you all the love you need

Baby's home  
Oh, this feels so good, so good  
Just wanna work this thing  
Baby, I just wanna put this thing, yes

Oh babe, oh, oh babe

Baby's home, yes  
Oh, oh, baby, baby, baby  
Baby's home, baby  
Baby's home

Oh yeah, you  
Oh baby, oh babe  
Oh baby

I love the way you  
I love the way this feels good  
Let me put this thing  
Baby, put this thing over you

Oh baby, oh baby, oh baby  
Yeah baby, oh baby  
Show you right
